RE: A Letter Expressing Interest in Sponsorship of the IALCCE 2010 Conference

Dear Professor Frangopol,

On behalf of officers and more than one hundred active members of the American Society of Civil Engineers – Taiwan International Group (ASCE-TWIG), we would like to express our sincere interest on co-sponsoring the International Conference held in the National Taiwan University of Science and Technology October 27-30, 2010. Your invitation was given the first priority and considered an honor of our group. We highly expect that our group members can become advocate of this significant event. As a sponsor of the conference, we would send invitation to our members and post the conference information and website connection from our website.

Our group and associates share the same value of promoting professionalism as well as the awareness of current issues and technology. As our leadership indicates we wish to provide research, technical consulting, certification, education, and training services to our members and closely connected professional organizations. We give our best wishes to the success of the conference and believe that the conference will be a wonderful event under your leadership. Please do not hesitate to contact us should you need assistance. I can be reached directly through telephones or e-mail during the day at 0937-892687 or my office assistant Ms. Wong at 03-559-3142 ext 3280. As we seek for future collaboration between your organization and ASCE-TWIG we'd love to encourage joint programs in the future.

Sincerely,

Edward H. Wang, P.E., S.E., Ph.D.
President
American Society of Civil Engineers – Taiwan International Group
